

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Ms. BHAVYA TANNERU has worked as "Electronics Design Intern" with EPICK BIKES during the time period of 05th June 2023 to 31st July 2023. Her working responsibilities and duties are primarily on designing and prototyping a Li-ion Battery LED indicator based on voltage and real-world drive range of Electric Bicycles, and also designing a Diagnostics Tool for Electric Bicycles, which would be a hand-held tool for service technicians in identifying the point of failure in the vehicle.

Overall, Ms. Bhavya has performed all her responsibilities with great enthusiasm and cheerfully with attention to detail at all times. With her zeal to learn, work and progress, I am certain that she would make a great employee or a student to any esteemed enterprise or institution with exceptional skills and knowledge in the field of her study and work.

On behalf of the company, I take pleasure and opportunity to wish Mr. Bhavya good luck and success for all her future career endeavours.

Sincerely,

Aradh Vemula
CEO, Epick Bikes
